

Parent Access to Schoology

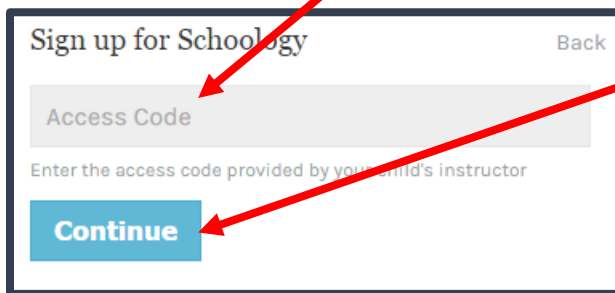

1. Go to www.schoology.com and click on Sign Up in the upper-right corner:

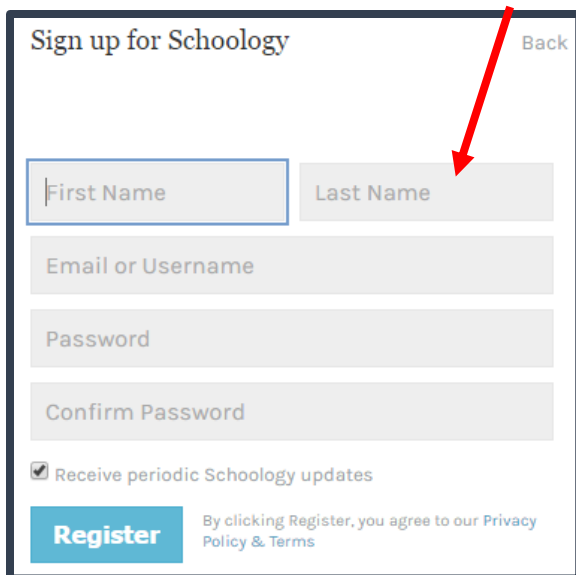

2. Under Sign up for Schoology, click on Parent:

3. Enter the Access Code sent home with your child and click Continue:

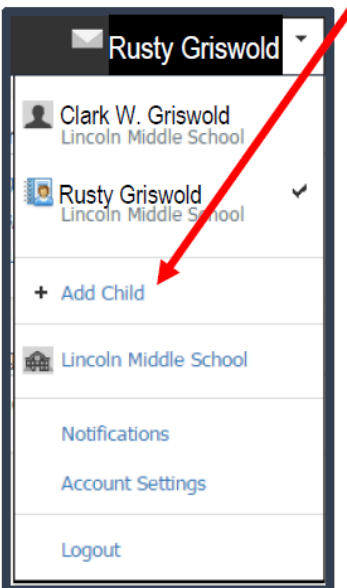

4. Enter YOUR first and last name, email address or username and password in the box that appears. Click Register. **If you are an LCSC employee, you CANNOT use your LCSC email address because that address is already tied to Schoology:**

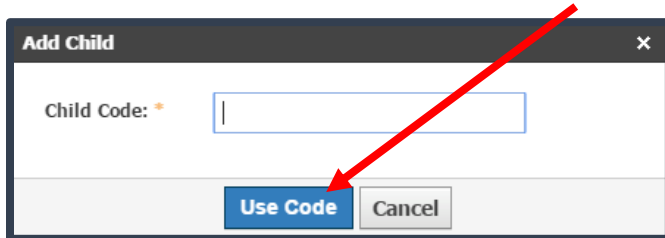

You will see your child's Schoology account. Click on Courses at the top to go to each class.

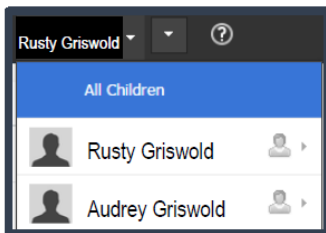

5. If you have more than one child with a code, click on the arrow next to the first child's name and select Add Child.

6. Enter the next Access Code and click Use Code.

7. You will now see your second child listed and can select that child from the dropdown menu to the right of the first child's name. To add additional children who have a code, start with #5 above.

8. If you signed up with an email address, you will need to check your email to verify the address.

Follow these directions or watch the video at https://www.youtube.com/watch?v=8v_hJOa7DIM

Please remember that you will still need to log into the Parent Portal <https://powerschool.lcsc.k12.in.us/public/home.html> in order to see ALL grades including final grades for your child. Schoology will not show all grades for your child.

There is a Schoology app available for download for Apple and Android devices. There is also a PowerSchool app that can be downloaded to check your child's grades.

To search for these apps, simply go to the Play Store on your Android device or the App Store on your Apple device and search for "PowerSchool" and/or "Schoology".
